

Decor Tips For Vacation Rental Owners

Vacation rental property is a great investment and a little consideration while decorating it, can create a stellar vacation experience for guests while being easy on the owner's pocket.

Paint the vacation rental to give it a clean and fresh look.

Keep the decor neutral & avoid unusual art as well as paint.

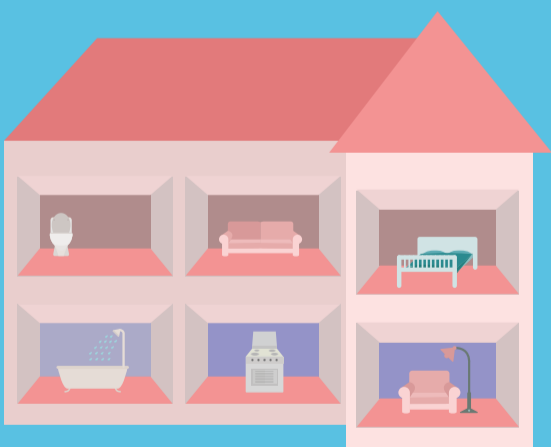

Buy durable yet comfortable furniture pieces that go well with the overall decor.

Install sufficient lighting fixtures as they can give your rooms a spacious look.

Replace the carpet with durable materials such as tile or hardwood.

Focus on necessities and do not add too many decor pieces. This will ensure that the rooms do not look cluttered & over done.

Upgrade the mattress. Also you can add a 6 or 4-inch foam mattress pad over a normal mattress for increased comfort.
